---

Plaintiff The Fundamentalist Church of Jesus Christ of Latter-Day Saints (the “FLDS Church” or “Church”), in response to the Court’s instructions at recent hearings in this case, files herewith a list of names of members of plaintiff Association as of November, 2008 when this action was filed.

In the present case, the FLDS Association is exercising its right as an “unincorporated association” under Fed. R. Civ. P. 17(b) to sue “in its common name to enforce a substantive right existing under the United States Constitution or laws.” The plaintiff Association is a congregation of members, so its membership is necessarily not a fixed group of individuals. “Courts have generally defined an ‘unincorporated association’ as ‘a voluntary group of persons, without a charter, formed by mutual consent for the purpose of promoting a common objective.’” *Committee for Idaho’s High Desert v. Yost*, 92 F. 3d 814, 819-20 (9th Cir. 1996) (quoting *Local 4076, United Steelworkers v. United Steelworkers*, 327 F. Supp. 1400, 1403 (W.D. Pa. 1971)).

The maintenance of a definite membership list or roster is not a prerequisite to associational standing under the foregoing rule:

Defendants argue that FAIR does not have standing to bring this action because it has no membership list; therefore, it cannot be determined whether FAIR has standing on behalf of its members. . . . While it may have no formal membership list, FAIR does have at least two “members,” Walker and Stippel, who have standing to sue in their own right. Accordingly, the first prong of the three-part test of standing set forth in *Hunt v. Washington State Apple Advertising Comm’n*, 432 U.S. 333, 343, 97 S.Ct. 2434, 2441, 53 L.Ed.2d 383 (1977) (discussing standing of an association allegedly derived from claimed injury to members), is clearly satisfied.

*Families Achieving Independence & Respect v. Nebraska Department of Social Services*, 890 F. Supp. 860, 867 (D. Neb. 1995).

With the foregoing in mind, and as described in the attached list, the individuals who affixed their signatures to the list authorized the pursuit of claims of the nature that underlie the constitutional claims in this action. As of November 2008, when this action was filed, each was part of what the Complaint describes as “an Association of members of the FLDS Church who have consecrated their property, services, time, and talents to the FLDS Church via a charitable Trust known as the ‘Amended and Restated Declaration of Trust of the United Effort Plan.’” Their individual and collective rights and freedoms secured by the Constitution’s religion clauses are at issue in this lawsuit. However, because the plaintiff Association is a congregation of members and its membership is necessarily not a fixed group of individuals, plaintiff may seek to supplement this list in the future as may be necessary or appropriate in light of particular relief sought or other needs of the case.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, material, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Flucker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harbor Park, and Berry Knoll Park without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

- I am aware of the original intent of the trustees of the United Effort Plan Trust (the "UEP"), and have consenred my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlors of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlors, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlors of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlors. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Martin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
- I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the actions of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to assure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".

The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevent the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Hunker Farms, and Berry Knoll Farms without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harkor Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. ## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made representations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Flamingo Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.

I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have dedicated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harkor Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
- I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

- I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. ## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the actions of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plus Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made representations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Marker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

- I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
- I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Flarker Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
- I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settors of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settors, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settors of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settors. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harbor Pass, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Stars, Harbor Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Don Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

1. I am aware of the original intent of the settlers of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harkler Farm, and Beary Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
2. As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settlers, and which prevents the UEP from meeting my "just wants and needs".
3. I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judgments which disregard the intent of the settlers of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
4. The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settlers. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
5. I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harker Farm, and Berry Knoll Farm without the approval of the Church.
6. I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
7. I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.

## DECLARATION OF BENEFICIARIES

By signing this document each of the undersigned does hereby state and attest to the following:

- I am aware of the original intent of the settors of the United Effort Plan Trust (the "UEP"), and have consecrated my time, talents, materials, monies, and property to the Fundamentalist Church of Jesus Christ of Latter Day Saints (the "Church"). I am a voluntary member of the Church which is an association formed by our mutual consent to promote our common objective to ensure that the UEP is administered in compliance with constitutional requirements and in a manner that meets our "just wants and needs".
- As a member of the Church I am a beneficiary of the UEP and have seen the effects of the administration of the UEP by the States of Utah and Arizona which have taken the management of the UEP away from the Church which acts are contrary to the intent of the settors, and which prevents the UEP from meeting my "just wants and needs".
- I am directly affected by how the UEP is administered, which was always intended to be managed by religious principles and not by secular business judges which disregard the intent of the settors of the UEP. I believe the court-appointed Special Fiduciary has violated his fiduciary duties to me in a number of ways, including, wasting the assets of the Trust and operating the UEP in a manner that interferes with my right to privacy and to freely worship. If he is allowed to continue this course it will cause irreparable harm to me, the UEP and my Church.
- The Special Fiduciary has a conflict of interest because he is pursuing payment for himself at the expense of my interests as a beneficiary, the best interests of the Church and UEP and the intentions of the settors. The Special Fiduciary has made misrepresentations to the court about his transactions in order to pay himself at the expense of protecting the interests of the beneficiaries.
- I am opposed to the sale of any sacred or consecrated UEP Property including, Sacred Sites, Harkler Farm, and Berry Knoll Farm without the approval of the Church.
- I am aware of and agree with the requests made to the Third District Court by Willie Jessop, Merlin Jessop, and Dan Johnson. I join in their requests to the Court as they represent my concerns and interests.
- I have personal knowledge of the facts stated herein and make this declaration under penalty of perjury.
